**NOTICE IS HEREBY GIVEN** that the following addendum serves to provide clarification and to answer the questions received on ITB # 64-23, Backflow Devices and Parts.

Question 1: For this Solicitation, I see that for smaller diameter Devices (2" and below) Wilkins, Watts, Apollo & Ames are all suitable for Installation, however, for the larger diameter Devices (3" and Above) Only Ames Backflows are approved. Would the Wilkins Model 300AST Series Devices be considered as an acceptable alternative?

**Answer to Question 1: No, the City will not accept Wilkins Model 300AST Series as an approved equivalent.**
