To: Department Payroll Preparer

DATE: _____

EMPLOYEE: _____

EMPLOYEE ID#: _____

Due to Hurricane Helene, the City will open the SAMP Vacation Sell Back period early as a disaster relief measure for impacted employees and their families. **In no event will the employee be allowed to sell back more than 120 leave hours per year.** This form would supersede any previous forms submitted.

As an employee impacted by Hurricane Helene, I am requesting to sell back the following hours of leave.

_____	Vacation Hours
	Immediately after this sell back, my vacation accruals will still have a balance of <i>at least 40 hours (or 53 hours if I work 53 hours a week).</i>
_____	Floating Holiday Hours
_____	TOTAL HOURS (up to 120 hours, or 106 hours if I work 53 hours a week)

I understand that this request can only happen once per fiscal year, regardless of the number of hours sold.

I realize this contribution is irrevocable, and the time will be taken from my vacation/floating holiday accruals. The accrued hours sold will be paid out to me at my hourly base rate of pay in effect during the pay period the payment is processed.
